

Minutes - Governor Drop in Session

Wednesday 1st July, 7pm, Music Room

Governors Present:

Helen Martyn, Anthony Mirams, Yvette Mahon, Nigel Bannerman

Parents number: 2

Background

This was the first experiment with an evening Governor drop in session for some time. A combination of extreme hot temperatures and the first week of Wimbledon meant that numbers were well below the previous turn out for Governor drop in sessions.

Support for Bi-lingual Families

A parent raised the issue of the support that the school could give bi-lingual families to ensure that the language and culture of both parents could be retained and cherished. The discussion focused on the role that the school could play in facilitating these efforts for instance by providing information to families on resources or organisation able to support their individual bi-lingual learning needs or through supporting parents to work together to create organisations that could support language learning and cultural events for different groups.
