

[Forest School Parent Feedback Form](#)

Dear Year 2 Parents,

Thank you for your support of forest school last term. The children clearly loved their experience of forest school and it was wonderful to have our parents so on board and supportive of the initiative. In order to showcase how positive forest school has been so far, we were hoping to gather some parental feedback. We would be hugely grateful if you could complete this brief questionnaire to support us in gathering evidence of the positive impact that outdoor learning is having on our children!
