

Brookfield Primary School

Learning together, achieving more

Online home learning: Year 1

Whilst you are not at school, we have organised a range of activities that you can do to keep on learning!

Your **online home learning** will be available online using LGfL (London Grid for Learning). To access all the recommended online resources go to: my.uso.im

When you get to the webpage, choose:

USO Login

Then, use your MyUsO **username** and **password** to sign in (this should have been sent separately—please email your teacher if you have not received this).

Find all the programmes you will need on:

Resources

Each week, your teacher will set specific tasks for you to complete. Find these at:

myHomework

Recommended MyUSO links:

Purple Mash

Purple Mash is an online platform with games, activities and software for all areas of the curriculum.

Espresso Primary

Espresso is an online platform which offers activities, quizzes, videos and games linked to the curriculum.

Busy Things

Busythings provides a range of fun educational games and activities for children of all ages.

Explorify

Explorify is an exciting programme of free science activities to spark curiosity. Sign up for free!

Interactive Resources

Interactive resources offers a wide range of maths games. Username: Brookfield Password: ilovemaths

BBC Number Blocks!

Number Blocks offer 4 series of exciting maths videos created by mathematicians with games and quizzes that link to each!

Offline home learning: Year 1

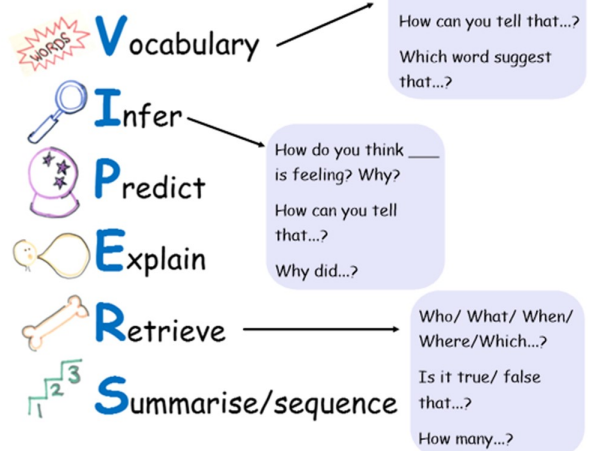

Whilst you are not at school, we have organised a range of activities that you can do to keep on learning! If you do not have internet access or want a break from the screen, here are some ideas for **offline home learning**.

Please have a go at 1 reading, writing and maths online/offline activity each week.

As a reader:

- Carla and Emily will upload videos of them reading stories. Please look out for emails of the links to the videos so that you can join in and watch!
- Please continue to read colour band books, library books or any other picture books at home with your children. We recommend that you ask them questions about their reading. VIPERS give suggestions for the questions you may like to ask them.

Brookfield Reading...

As a writer:

- Write a letter to a friend or family member
- Or write a diary of your day/week
- Or after reading a good story at home, can you:
 - ⇒ Innovate the story by rewriting it with a different character, different setting or different ending
 - ⇒ Write a description of your favourite character. Can you describe their appearance (outside) as well as their personality (inside)?

As a mathematician:

- Learn to tell the time to half past and o'clock (try making your own clock with paper plates! Tutorial at: <https://www.muminthemadhouse.com/make-paper-plate-clock/>)
- Or count coins in 1s, 2s, 5s and 10s.
- Or play dice games that we have taught in PAC maths (Don't roll a 6, Caterpillar Chance, Spider Spider) or card games which can be found on www.brookfield.camden.sch.uk/2019/03/card-game-of-the-week-2/
