<p><u>Writing</u></p>	<p>Linking with your science and art this week, here are some mini writing projects (all about Spring) to choose from:</p> <ul style="list-style-type: none"> - Information book - tell us everything you learn about spring, or notice about spring every day! - Diary - Write a diary of what you see happening with your bird feeder OR write a diary as if you are a bird that comes to visit your bird feeder - what do they see/ taste/ feel? - Instructions - write instructions for how to make a bird feeder. <p><i>Scan/take a picture of your writing and submit it on 'Myhomework' through MyUSO in response to this week's set homework!</i></p>				

<p>Maths</p>	<p>As well as continuing to play the pack of maths games we sent out last week, count the number/type of birds you see coming to your bird feeder, or out of your window (see science lesson) throughout the week. Publish these results in a Pictogram either through 2count on PurpleMash (set in your 2Dos) or on paper at home! From this, can you work out which birds are more or less common in your local area?</p>	
<p>Foundation subjects</p> <p>Spring fling!</p>	<p>Science - Spring watch!</p> <p>Make a bird feeder similar to the ones you did at Forest School and hang in your garden, out of your window etc. Instructions to make: How to make a bird feeder with citrus peels</p> <p>And then observe the wildlife- go to: to identify birds: Birds - British Animals</p>	<p>Art - Spring splat!</p> <p>There are so many changes going on around us, now we are in Spring!</p> <p>Using whatever arts method you like (drawing with pens/pencils, painting, printing, collaging, junk modelling, plastic recycling, drama, dance, photography etc) to make a piece of art showing what spring looks like!</p> <p><i>Scan/take a picture of your art work and submit it on 'Myhomework' through MyUSO in response to this week's set homework!</i></p>
