

RISK ASSESSMENT FOR: Full School Reopening March 2021 during COVID 19 outbreak.

This RA has been shared with staff, governors, parents and Camden. It will be published on the school website to provide transparency of approach to parents, carers and children.

Risk assessment applies to mainstream schools, Special schools, special post-16 institutions and hospital schools:

Establishment: Brookfield Primary School	Assessment by: Laurel Robin	Date: 4th March 2021
Risk assessment number/ref: RA-001 March 21	Headteacher Approval: Laurel Robin	Date: 4th March 2021
	Chair of Governors Approval:	Date:
	All employers have a duty to consult employees on health and safety. Have staff been consulted in production of this risk assessment? Y

		Only cleaning products supplied by the school / contract cleaners are to be used.				
PREVENTION: Cleaning of Contact points Equipment use printers, workstations, apparatus, machinery etc		<p>Parents to ensure children have their own water bottles in school to reduce contact with water fountains.</p> <p>Regularly clean and disinfect common contact surfaces in reception, office, access control etc. (screens, telephone handsets, desks).</p> <p>Activities and resources</p> <ul style="list-style-type: none"> • Re-plan lessons / activities to avoid shared resources. • Further consideration to be given to the teaching of curriculum in practical subjects and how this can be amended to ensure minimum contact with equipment. Equipment to be properly cleaned after use. <p>All classrooms are equipped with antibacterial wipes for wiping down of IT and other equipment. If student is too young then arrangements are made for staff to wipe down</p> <p>Try to avoid working with paper/other materials that are shared in a way that may aid transmission, i.e. consideration to be given to marking work (done electronically), photocopying, etc.</p>	<p>Reminder re. water bottles in school newsletter</p> <p>Staff training reminder: All shared resources to be cleaned after use (including computers, PE equipment etc.). This must be built into end of lesson activity routines.</p> <p>Reverting back to autumn timetable by year group</p>	<p>Laurel</p> <p>Laurel</p> <p>Mel</p>	<p>5th March</p> <p>5th March</p> <p>8th March</p>	
Managing cases of confirmed coronavirus in a setting Covid-19 Outbreaks on site	Staff, pupils, contractors, visitors	<p>If anyone in the school becomes unwell with a new, continuous cough or a high temperature, or has a loss of, or change in, their normal sense of taste or smell (anosmia), they must be sent home and advised to follow ‘stay at home: guidance for households with possible or confirmed coronavirus (COVID-19) infection’, which sets out that they must self-isolate for at least 10 days and should arrange to have a test to see if they have coronavirus (COVID-19).</p> <ul style="list-style-type: none"> • Other members of their household (including any siblings) should self-isolate for 10 days from when the symptomatic person first had symptoms. • All staff and students who are attending an education or childcare setting will have access to a test if they display symptoms of coronavirus and are encouraged to get tested in this scenario. 	Refresher training for all staff during staff inset	Laurel	5 th March 2021	

What are the hazards?	Who may be harmed and how? (risk)	What are you already doing?	What further action is necessary?	Actions by whom?	Action by when?	Done
		<ul style="list-style-type: none"> • If someone tests negative, they can return to their setting and the fellow household members can end their self-isolation. • if someone tests positive, they should follow the ‘stay at home: guidance for households with possible or confirmed coronavirus (COVID-19) infection’ and must continue to self-isolate for at least 10 days from the onset of their symptoms and then return to school only if they do not have symptoms other than cough or loss of sense of smell/taste. <p>This is because a cough or anosmia can last for several weeks once the infection has gone. The 10-day period starts from the day when they first became ill. If they still have a high temperature, they should keep self-isolating until their temperature returns to normal. Other members of their household should continue self-isolating for the full 10 days</p> <ul style="list-style-type: none"> • Schools must take swift action when they become aware that someone who has attended has tested positive for coronavirus (COVID-19). Schools should contact the local health protection team. This team will also contact schools directly if they become aware that someone who has tested positive for coronavirus (COVID-19) attended the school – as identified by NHS Test and Trace. • The health protection team will carry out a rapid risk assessment to confirm who has been in close contact with the person during the period that they were infectious, and ensure they are asked to self-isolate. • The health protection team will work with schools in this situation to guide them through the actions they need to take. Based on the advice from the health protection team, schools must send home those people who have been in close contact with the person who has tested positive, advising them to self-isolate for 10 days since they were last in close contact with that person when they were infectious. 				

What are the hazards?	Who may be harmed and how? (risk)	What are you already doing?	What further action is necessary?	Actions by whom?	Action by when?	Done
		Where settings are adhering to guidance to reduce risk of transmission, closure of the whole setting will not generally be necessary.				
Testing and contact tracing	Staff, Pupils, visitors, contactors	<p>Schools must ensure they understand the NHS Test and Trace process and how to contact their local Public Health England health protection team.</p> <p>Schools must ensure that staff members and parents/carers understand that they will need to be ready and willing to:</p> <ul style="list-style-type: none"> • book a test if they are displaying symptoms. Staff and pupils must not come into the school if they have symptoms, and must be sent home to self-isolate if they develop them in school. • provide details of anyone they have been in close contact with if they were to test positive for coronavirus (COVID-19) or if asked by NHS Test & Trace • self-isolate if they have been in close contact with someone who develops coronavirus (COVID-19) symptoms or someone who tests positive for coronavirus (COVID-19) • Anyone who displays symptoms of coronavirus (COVID-19) can and should get a test. Tests can be booked online through the NHS testing and tracing for coronavirus website, or ordered by telephone via NHS 119 for those without access to the internet. Essential workers, which includes anyone involved in education or childcare, have priority access to testing. • All children can be tested, including children under 5, but children aged 11 and under will need to be helped by their parents/carers if using a home testing kit. <p>All staff are encouraged to complete twice weekly lateral flow tests and at home, and report the results to the school, and to NHS test and trace website.</p>	Any staff that have been working from home, and returning to school on the 8 th March, should be reminded to pick up their tests	Rosie	8 th March	
Communication to parents and carers	Staff, Pupils, visitors, contactors	<p>Protocol in place and includes:</p> <p>5th March newsletter included:</p> <ul style="list-style-type: none"> • Advise parents and young people their allocated drop off and collection times and the process for doing so, including 	<p>Parent newsletter:</p> <ul style="list-style-type: none"> • Advise parents that if their child needs to be accompanied to the education or childcare 	Laurel	5 th March	

What are the hazards?	Who may be harmed and how? (risk)	What are you already doing?	What further action is necessary?	Actions by whom?	Action by when?	Done
		<p>protocols for minimising adult to adult contact (for example, which entrance to use)</p>	<p>setting, only one parent should attend</p> <ul style="list-style-type: none"> • Make clear to parents that they cannot gather at entrance gates or doors, or enter the site (unless they have a pre-arranged appointment, which should be conducted safely) • Phone or email notification to be urgently made to the school and affected persons to stay away from site until required isolation periods have passed. • Parents/carers to be advised to follow guidance below COVID-19: guidance for households with possible coronavirus infection guidance 			
<p>Access and egress onto school premises</p>	<p>Staff, pupils, contractors, visitors</p> <p>Possible transmission of the virus between staff and children, and into the wider community.</p>	<ul style="list-style-type: none"> • Entry into building is controlled, and restricted to essential access only • Traffic management plan revised to ensure pedestrian / vehicle separation is maintained. Particular consideration given where queuing areas are introduced • Demarcation to be made at school entry points to ensure adequate social distancing • Pictorial notices for social distancing to be displayed • Supervision of queues by nominated staff members • Staggered start times • Staff supervising entry to school to follow social distancing guidelines 	<ul style="list-style-type: none"> • Re mark areas that have worn down • Advice / instruction on social distancing / hygiene <p>In class</p> <ul style="list-style-type: none"> • Age appropriate instruction provided to pupils on hand washing methods 	<p>Derek</p> <p>Class teacher</p>	<p>8th March</p> <p>8th March</p>	

What are the hazards?	Who may be harmed and how? (risk)	What are you already doing?	What further action is necessary?	Actions by whom?	Action by when?	Done
		<ul style="list-style-type: none"> • Hand washing / sanitisation stations (ideally soap and water to minimise possible adverse dermatological effects) at point of entry to school. All people entering the school must sanitise hands prior to entry. • Staff trained on hygiene protocols to eliminate cross-infection risks • Used PPE and any disposable face coverings that staff, children, young people or other learners arrive wearing should be placed in a refuse bag and can be disposed of as normal domestic waste unless the wearer has symptoms of coronavirus, in line with the guidance on cleaning for non-healthcare settings. • Any homemade non-disposable face coverings that staff or children, young people or other learners are wearing when they arrive at their setting must be removed by the wearer and placed into a plastic bag that the wearer has brought with them in order to take it home. The wearer must then clean their hands. 				
Reception areas	Staff, pupils, contractors, visitors	<ul style="list-style-type: none"> • Telephone appointments/emails to office where possible to minimise queues at reception • demarcation in place to maintain adequate social distancing • Notices to maintain social distancing displayed • Sanitisation / hand washing protocols to be observed when handling deliveries. • Enhanced cleaning regime in place at reception and all school settings in line with COVID-19: cleaning of non-healthcare settings guidance <p>Visitors</p> <ul style="list-style-type: none"> • Only essential visitors are allowed onto the school site. • Ensure all visitors / building users are aware of expectations. They must follow social distancing, hand washing / use of sanitiser on entry and adhere to any restrictions on accessing parts of the building stipulated by the school. • A record should be kept of all visitors 				
Staff Areas	Staff, contractors, visitors	<ul style="list-style-type: none"> • Social distancing guidelines to be applied • Increased cleaning frequencies of hard surfaces • Minimise sharing of items 				

What are the hazards?	Who may be harmed and how? (risk)	What are you already doing?	What further action is necessary?	Actions by whom?	Action by when?	Done
		<ul style="list-style-type: none"> Items to be sanitised before sharing / re-use by another person Handwashing /sanitisation protocols to be followed 				
Corridors / staircases	Staff, pupils, contractors, visitors	<ul style="list-style-type: none"> While passing briefly in the corridor or playground is low risk, schools should avoid creating busy corridors, entrances and exits. Demarcation of adequate social distancing where queuing is expected. Increased natural ventilation by opening windows Reduce need for children to regularly leave the classroom where possible (containment/non mixing) Where corridor use is required, consider release of a classroom at a time and stagger to reduce traffic and avoid spread of infection. 	<p>Reschedule contractor visits (unless emergency situation) to times when pupils are not present</p> <p>Pictorial notices to maintain social distancing displayed</p>	Rosie & Derek	ongoing	
Classrooms	Staff, pupils, contractors,	<ul style="list-style-type: none"> For younger children the emphasis will be on separating year groups – each class remains in it's own bubble For older children social distancing should be implemented where possible i.e. they should also be supported to maintain distance and not touch staff where possible Tables / desks taken out of use to maintain safe distance e.g. cordon off / remove chairs, where possible Increased natural ventilation and avoid rooms with no natural ventilation where possible. Increased cleaning frequencies of hard surfaces/emptying of bins Classroom based resources, such as books and games, can be used and shared within the bubble and these should be cleaned regularly Adequate tissues are available to clear up spills and to catch sneezes in line with Catch it / Bin it / Kill it advice Items to be sanitised before sharing / re-use by another person <ul style="list-style-type: none"> Staff training: Soft play / furnishing and items with intricate parts removed (Early years settings) Resources that are shared between classes or bubbles, such as Sports, Art and Science equipment should be cleaned frequently and meticulously and always between bubbles, or rotated to allow them to be left unused and out of reach for a period of 48 hours (72 hours for plastics) between use by different bubbles. <p>Teachers to ensure they clean their hands and surfaces, before and after handling pupils' books.</p>	<p>Pictorial notices to maintain social distancing displayed</p>			

What are the hazards?	Who may be harmed and how? (risk)	What are you already doing?	What further action is necessary?	Actions by whom?	Action by when?	Done
Lunch times	Staff, pupils, contractors,	<ul style="list-style-type: none"> • Staggered lunch times to keep groups apart • Social distancing guidelines to be applied • Adequate supervision ratios to enforce social distancing guidelines • Hand washing / sanitisation prior to food consumption – children to be supervised • Increased cleaning frequencies of hard surfaces. • Minimise sharing of items and crockery • Items to be washed / sanitised before sharing / re-use by another person • Early years children will continue to eat in their classrooms for now to allow for social distancing in the dinner hall for other year groups 				
Hall / assemblies	Staff, pupils, Contractors,	<ul style="list-style-type: none"> • Groups should be kept apart, meaning that schools should avoid large gatherings such as assemblies or collective worship with more than one group. • Social distancing guidelines to be applied, where possible • Adequate supervision ratios • Pictorial notices to maintain social distancing displayed • One-way systems introduced where reasonably practicable • Enhanced cleaning regime in place to clean hard surfaces in between groups • Utilise outdoor spaces for PE where practicable. 	Virtual assemblies	Laurel	8 th March	
Toilets	Staff, pupils, Contractors, visitors	<ul style="list-style-type: none"> • Entry into WC to be controlled • Pictorial notices to maintain social distancing displayed • Children to remain in team 'bubbles' with their own toilets • Hand washing protocol increased to before and after use of toilet facilities • Hand washing poster displayed in all WCs • Increased cleaning protocols 				
School Kitchens / school meal provision	Staff, pupils, contractors	<ul style="list-style-type: none"> • Staggered lunch and break times • Social distancing guidelines to be applied • Handwashing /sanitisation protocols to be followed • Increased cleaning frequencies of hard surfaces. 				

What are the hazards?	Who may be harmed and how? (risk)	What are you already doing?	What further action is necessary?	Actions by whom?	Action by when?	Done
		<ul style="list-style-type: none"> Work with school meal providers (Caterlink) to ensure safe systems and protocols are in place to reduce risk to kitchen staff and pupils Combination of packed lunches / hot meal provision to minimise dining room traffic / volume 	As the school transitions to Caterlink, share best practice in these areas		April/ May 2021	
Break times	Staff, pupils, visitors	<ul style="list-style-type: none"> Staggered break times to minimise mixing of groups Playground to be sectored to help keep groups separate Social distancing to be implemented to minimise contact with other groups Adequate supervision ratios to monitor social distancing Rotate indoor / outdoor play to minimise contact One-way systems introduced where reasonably practicable Prevent / reduce use of outdoor play equipment wherever possible as the virus lasts longer on metal surfaces Soft play items removed (early years settings) Water fountains taken out of use – individual water bottles/disposable cups to be used Rigorous cleaning regimes to be introduced between groups 				
Fire drills / Emergency situations	Staff, pupils, Contractors, visitors	<ul style="list-style-type: none"> Adequate numbers of trained staff to safely evacuate all personnel on the school premises Demarcation of safe distancing in place at assembly points in line with social distancing guidelines where reasonably practicable Fire drill has recently been undertaken 				
First Aid	Staff, pupils, visitors	<ul style="list-style-type: none"> Adequate numbers of trained staff to administer First Aid Check First aid boxes content and facilities available Where closer contact may be necessary, wear appropriate PPE to protect First Aider and casualty. This would include disposable gloves, disposable apron and fluid resistant surgical facemask. Eye protection is also required if the casualty is coughing, spitting or vomiting PPE / Handwashing protocols to be followed 	Check first aid box contents	Rosie	8 th March	
Transport Arrangements	Staff, pupils, Contractors, visitors	<ul style="list-style-type: none"> Protocol in place in line with Government Guidance Discussion with transport provider to confirm suitable safe protocols are in place e.g. social distancing / cleaning / hygiene and supervision arrangements. 				

What are the hazards?	Who may be harmed and how? (risk)	What are you already doing?	What further action is necessary?	Actions by whom?	Action by when?	Done
Protocol for managing cases where staff/pupil feels unwell whilst on site	Staff, pupils, contractors, visitors	<p>Protocol developed in line with Government Guidance to include:</p> <ul style="list-style-type: none"> • If anyone becomes unwell with a new, continuous cough or a high temperature in an education or childcare setting, they must be sent home and advised to follow the COVID-19: guidance for households with possible coronavirus infection guidance. • If a child is awaiting collection, they should be moved, if possible, to a room where they can be isolated behind a closed door, depending on the age of the child and with appropriate adult supervision if required. Ideally, a window should be opened for ventilation. If it is not possible to isolate them, move them to an area which is at least 2 metres away from other people. • If they need to go to the bathroom while waiting to be collected, they should use a separate bathroom if possible. The bathroom should be cleaned and disinfected using standard cleaning products before being used by anyone else. • PPE should be worn by staff caring for the child while they await collection if a distance of 2 metres cannot be maintained (such as for a very young child or a child with complex needs). • In an emergency, call 999 if they are seriously ill or injured or their life is at risk. Do not visit the GP, pharmacy, urgent care centre or a hospital. • If a member of staff has helped someone who was unwell with a new, continuous cough or a high temperature, they do not need to go home unless they develop symptoms themselves (and in which case, a test is available) or the child subsequently tests positive • They should wash their hands thoroughly for 20 seconds after any contact with someone who is unwell. Cleaning the affected area with normal household disinfectant after someone with symptoms has left will reduce the risk of passing the infection on to other people. See COVID-19: cleaning of non-healthcare settings guidance 				
School Trips	Staff, pupils	<ul style="list-style-type: none"> • School trips to be planned and risk assessed in line with current government social distancing guidelines. 	No school trips planned beyond local walks e.g. Heath and secret garden			

What are the hazards?	Who may be harmed and how? (risk)	What are you already doing?	What further action is necessary?	Actions by whom?	Action by when?	Done
Reoccupation of areas which have not been in use during lockdown.	<p>Staff, pupils, contractors, visitors.</p> <p>Due to some or all parts of the school premises not being used for a period of time, inspection and testing of building services and safety devices to ensure they are in full working order is required.</p>	<p>Visual inspection of whole school premises to identify and remedy health and safety hazards.</p> <ul style="list-style-type: none"> • Building services maintained in accordance with the PPM schedule: • Maintenance checks of plant and equipment undertaken – including school kitchen equipment. • Fire alarms and systems checked and operational including: <ul style="list-style-type: none"> ○ Fire alarm panel status green ○ Fire call points operational ○ Emergency lighting operational ○ Firefighting measures e.g. fire extinguishers, blankets all present and maintained • Gas systems maintained • Water flushing of little used outlets undertaken to minimise risk of legionella and checks/maintenance undertaken/up to date on hot and cold water systems (and pools) in accordance with Legionella water risk assessment. Every tap (hot and cold) should be run for minimum of 2 minutes in all areas of the school premises which have not been used during lockdown period • Electrical equipment and systems maintained • Electrical gate systems maintained • Lifts and lifting equipment/hoists maintained • Ventilation / air conditioning / extraction systems maintained • Asbestos management arrangements in place • Boiler room plant inspected / maintained • Fume cupboards maintenance up to date (Secondary schools only) • Identify and remedy possible vermin infestations 	<ul style="list-style-type: none"> • Where possible, temporarily raise the hot water temperature (prior to wider re-occupation which will provide a disinfection of the system). • Staff to be made aware of increased temperatures. 	Derek	March 5 th	
Fire Safety	Staff, pupils, contractors, visitors	<ul style="list-style-type: none"> • Fire risk assessment and Emergency Evacuation Plans revised to take into account areas which may not be in use and changes of use to the building. • Personal Emergency Evacuation Plans (PEEPS) in place and revised where necessary • Ensure emergency evacuation routes out of the building are not compromised including fire doors and final exit doors. 				
COSHH	Staff, Pupils	<ul style="list-style-type: none"> • Chemical Inventory and COSHH risk assessment updated to include all newly introduced cleaning products 				

What are the hazards?	Who may be harmed and how? (risk)	What are you already doing?	What further action is necessary?	Actions by whom?	Action by when?	Done
Cleaning / Sanitisation products	Due to required increased cleaning/sanitising of hard surfaces and items in classrooms, there is a need to ensure no harmful effects arise from cleaning/sanitising product	<ul style="list-style-type: none"> Manufacturers Safety Data Sheet provided to users of chemical outlining safe use, storage, emergency arrangements and PPE to be used. Strict instruction to staff / cleaning provider to keep any cleaning / sanitisation products stored / secure and out of reach of children at all times Work with in house cleaners to ensure safe systems and protocols for use and storage are in place. 				
Dealing with / clearing up with Body Fluids	Staff, pupils, visitors	<p>Protocol for cleaning Body Fluids to be updated to include COVID-19 risks to include:</p> <ul style="list-style-type: none"> Where clearing up of body fluids is required, the staff member must full appropriate PPE. This will include disposable gloves, disposable apron and fluid resistant surgical facemask and eye protection or face shield PPE and waste disposal protocols to be followed (double bag waste) Handwashing protocols to be followed 	Staff INSET training reminder	Laurel	5 th March
